

UPDATE ON CREDIT FACILITY AND REVIEW OF STRATEGIC ALTERNATIVES

London, UK and Los Angeles, California, July 3, 2009 – Solar Integrated Technologies, Inc. (AIM:SIT.LN), a leading provider of building integrated photovoltaic (BIPV) roofing systems, announced today that GE Energy Financial Services has approved the extension of its loan and security agreement until September 30, 2009, subject to certain conditions. In addition to the loan facility, GE currently holds a warrant to purchase 2,617,353 common shares of the Company at an exercise price of £0.12 per share expiring December 31, 2013.

On May 5, 2009, the Company announced that it had retained Thomas Weisel Partners LLC (“TWP”) as its financial advisor. TWP is assisting the Company’s board of directors and management in evaluating strategic alternatives to enhance shareholder value including, but not limited to, a possible sale of the Company and various financing alternatives. This process remains ongoing.

The board of directors and management cautions the Company’s shareholders and others considering trading in its securities that there is no assurance that the Company will be successful in further extending the facility, in otherwise securing financing or a buyer for the Company, or in its pursuit of other potential strategic alternatives.

About Solar Integrated:

Solar Integrated Technologies, Inc. (SIT: AIM.LN) is a Los Angeles-based company that manufactures, designs and installs building integrated photovoltaic (BIPV) roofing systems for commercial rooftops. Our BIPV roofing systems enable our customers to transform a rooftop into a value-generating asset. Our customers include Audi, Carrefour, Coca-Cola Enterprises, Frito-Lay, Honeywell, IKEA, Johnson Controls, Metro, Portland General Electric, ProLogis, San Diego Unified School District, Tesco, Toyota, Unibail-Rodamco, U.S. Air Force, U.S. GSA, U.S. Navy and Westfield.
